

Reinforced Quarantine for International Arrivals! Diagnostic Test & Self-Quarantine

All international arrivals residing in Seoul

**Get tested on the day of arrival at
your local designated screening clinic!**

(Including Korean nationals, non-Korean residents, and all tourists/visitors)

※ Please bring your passport and airline ticket
when you get tested at the designated screening clinic.

**Self-quarantine for 14 days
even if you test negative.**

If you don't have a residence or an adequate place to stay in Korea,
use the quarantine facility provided by the central/local governments.

(Testing and treatment fees for international arrivals
are supported by the Korean government/

Quarantine facility fees are to be paid by users, including Koreans and non-Koreans)

※ If you show symptoms during self-quarantine, you must get tested again immediately.

※ Zero tolerance for those who violate the self-quarantine procedures

※ Immediate prosecution for those who leave self-quarantine without valid reason.

Violators can face up to one year in prison or KRW 10 million in fines in accordance with
the Infectious Disease Control and Prevention Act.

(Non-Koreans can face forced deportation and prohibition of entry in
accordance with the Immigration Act)

Seoul residents entering South Korea may only travel via **personal vehicle or specially designated taxi/bus.**

1. Personal vehicle (or of guardian's) ※ Masks required, minimal conversations
